

DeliverHealth

eSOne InQuiry Appended Transcriptions and Comment Tags Columns Release Notes

What's New?

DeliverHealth is pleased to announce two new columns added to the InQuiry Review, Preliminary, and Final workflow folders, and Search All – Basic Search: **Appended Transcriptions** and **Comment Tags**. This release also includes bug fixes.

Appended Transcriptions Column

The Appended Transcriptions Column will display “Yes” if one or more transcriptions are appended or prepended to the given report, and “No” if it is not.

The grid can be sorted or grouped by **Appended Transcriptions** for easier identification.

Appended Transcriptions ↑ ×			
	Actions	Transcription ID	Patient Name
⊕	Appended Transcriptions: No (5)		
⊖	Appended Transcriptions: Yes (2)		
	View Transcription ▾ <input type="checkbox"/>	38753	
	View Transcription ▾ <input type="checkbox"/>	38763	Patient 10

Grouped by Appended Transcriptions

Comment Tags Column

The Comment Tags column lists all comment tags on the job, separated by a comma.

Location	Comments	Comment Tags ↓
East Campus		Missing ADT, Unknown Medication
West Campus		Missing ADT
East Campus		
East Campus		

The tag name can be entered into the Filter Results text box in the workflow folders to find all jobs with that tag, even if the Comment Tags column has not been added to the grid. To filter results in Search All – Basic Search by comment tag, the column must be in the grid.

Actions	Transcription ID	Clinician	Authenticator	Document Type	Location	Comments	Comment Tags ↓
Appended Transcriptions: No (1)							
View Transcription <input type="checkbox"/>	15042	Resident Johnson Res	Attending Jacoby	Chart	West Campus		Missing ADT
Appended Transcriptions: Yes (1)							
View Transcription <input type="checkbox"/>	38753	Resident Johnson Res	Resident Johnson	Chart	East Campus		Missing ADT, Unknown Medication
